

Your Neighbors are Perishing

Verse 1

Your neighbors are perishing,
They haven't heard the news
That The king has sent his son,
And he desires you
Not for your works,
those are filthy rags
Teach a gift that's greater
than anything they have

Chorus

Go and let your light shine
go before all men
Tell it to the nations
Christ has conquered sin.
Give to them the gospel
that was given to you
Will you go will you go
and tell your neighbor the good news

Verse 2

Your neighbors are perishing,
In pain, they've never heard
That The God who created them
Can heal every hurt
Hell is not far for them
how will they have faith
If no one ever goes to them
so they might hear of grace?

Verse 3

Your neighbors have joined us
can you hear their song?
Through every trial and suffering
the Lord has kept them all
Worthy is the lamb,
Praise and honor to the king
What a joy it is to sing
with the saints eternally

END TAG

Will you go will you go
and tell your neighbor the good news
